### Introductory Level

A fun introduction to a new language! Learn vocabulary and expressions in an immersion-style setting through songs, games, activities, puppets and storytelling!

*Children can participate in one or more sessions  
(Grades K-1)*

### Beginner Level

Practice speaking a new language with friends in an informal setting! Explore favorite topics including the birthday party, farm, sports & activities, family, breakfast foods and more. Creative workbooks support early reading and writing skills and FLES teachers, who are native speakers of the languages they teach, share cultural notes, stories and songs. Join us for a language learning experience that lasts a lifetime!

*Children can participate in one or more sessions  
(Grades 2-3 or 3-5)*

### Intermediate Level

Build on the basics and gain new confidence in speaking and comprehension with new expressions and vocabulary. Play lively games, learn tongue twisters, design a zoo, write and present your autobiography, be the class "newscaster" and more - all in your new language! Color workbook included to use at home and in the classroom.

*Full year program for children with Beginner or previous equivalent language experience

### Advanced Level

Our community and explorers theme combines transportation geography, travel, directions, clothing and community and sets the stage for an exciting learning adventure! We'll plan a trip with an imaginary suitcase, navigate new surroundings and explore another country. Students make progress in reading and writing, and continue to express themselves with expanding confidence! The year culminates with a cultural event, writing project or outing.

*Full year program for children with Intermediate or previous equivalent experience  
(Grades 4-5)*

## 4-Week Spring Session

### World Culture Mini Session

Design and fold an origami Dragon Boat, identify the scents of spices, make and taste fresh cream butter, pan for gold and learn the mystery of El Dorado! Visit a new continent each week and explore customs and traditions from Asia, South America, Africa and Europe with games, hands-on activities, music and projects to make and take home!

*Taught in English; offered Spring Session only  
(Grades 2-5)*

### FLES Extended

Same class, same teacher - and more time for language learning! Where there is sufficient interest, parents can let us know and we'll extend the session by adding four additional weeks of instruction so children can continue practicing their new skills through the very end of the school year!
